### ABOUT THE LEGION

Established in 1926, the Legion is the largest Veterans service organization in Canada with more than 320,000 members. Its mission is to serve all Veterans including serving Canadian Forces and Royal Canadian Mounted Police members and their families, to promote Remembrance and to serve our communities and our country.

The Legion's Service Bureau Network provides assistance and representation to all Veterans including serving CF and RCMP members, and their families regarding their disability claims, benefits and services from Veterans Affairs Canada and the Veterans Review and Appeal Board. In communities across Canada, it is the Legion that perpetuates Remembrance through the Poppy Campaign and Remembrance Day ceremonies. With more than 1,450 branches, The Legion supports programs for seniors, Veterans housing, Long Term Care, youth leadership, education, sports, Cadets, Guides and Scouts. We will Remember Them.
